		192.168.10.0 to 192.168.49.255 192.168.51.0 to 255.255.255.255
Internal	inside (172.16.0.1/255.255.0.0)	10.0.0.0/8 172.16.0.0/15 192.168.2.0 to 192.168.5.255

Services Passing Through Firewall

This section lists source and destination addresses for all IP services that are allowed to pass through the firewall device. The list of allowed services is grouped by each output interface from which the allowed IP traffic leaves the firewall.

Services from Firewall

This section lists destination addresses that are the origin of all IP services that are allowed to connect from the firewall device itself. The list of allowed services is grouped by each interface from which the IP traffic leaves the firewall.
